

QUICK AND EASY CORE COLLECTION

Take the back ache out of collecting up your aeration cores by using the new patent-pending GreenTek TRIPLE CORE PUSHERS. Simply attach them to any popular greens triplexes triple in place of your mowing units, and use them to clear all the cores off your greens into neat heaps ready for removal with your utility vehicle.

Sliding over the turf on smooth skids, the three individual units accurately follow the contours of your greens just like your mowing units do, without marking. The TRIPLE CORE PUSHERS vastly reduce the manpower and time taken to do your hollow coring, enabling you to quickly complete the job and get your greens back in play. Plus they eliminate the back-breaking job of pushing a snow shovel for hours on end!

TRIPLE CORE PUSHER
